

How to Be a Corporate Sponsor Georgia Southern University

**The Corporate Leadership Council would love to have you as a partner!
We offer three levels of involvement for you to choose from:**

Partner:

This level provides \$10,000 a year in scholarship funding as well as active participation in a CLC meeting. You can present information about your company or any business topic you feel would be relevant for our students.

Sponsor:

This level of involvement provides funding only. You or your company would not have to participate in a CLC meeting or event.

Participant:

A Participant is a partner that provides internships for the CLC students, service opportunities and/or presentations at the CLC meetings and events.
